SHOW OVERVIEW

International Engineering Expo 2025 or (IENXPO), under the theme “**Engineering Excellence for Net Zero Innovation**”, is Thailand’s leading B2B exhibition platform for engineering innovations, technologies, metrology, equipment, and accessories across various sectors.

In collaboration with the Engineering Institute of Thailand, the event aims to create opportunities for Thailand’s engineering industry, fostering the growth of world-class sustainable engineering while promoting regional knowledge and experience exchange.

 **4,758 Exhibit Space**

 **165 Brands**

 **12,832 Attendance**

SHOW HIGHLIGHTS

CONFERENCE PROGRAMS

This event brings together leading professionals from across the engineering sector—including government agencies, industry leaders, and international organizations—to share insights and strategies for advancing Thailand's engineering landscape. With more than 60 seminar sessions, participants will be received PDUs and an official e-certificate during the show days.

Topic Highlights:

- Smart Solution Tools for Solar and EV Measurement.
- Standards for a sustainable transition in industrial energy use.
- Engineering Design and Manufacturing Concepts.
- Prefab Warehouses: Fast Construction, Quick Return – A New Option for Digital-Age Investors.
- KEMREX – Earthquake Resistance for a Safer, Sustainable, and Eco-Friendly Future.
- Mechanisms for accelerating the advancement of Thailand's industries toward carbon neutrality.
- Eco-friendly heavy machinery innovations.
- Cost Reduction & Efficiency Boost with Rinnai Gas Water Heater.
- Sustainable transition in industrial steam utilization.
- Preventing tower crane collapse caused by earthquakes

BUSINESS MATCHING

Business negotiations offer entrepreneurs the chance to connect and engage in discussions to explore new opportunities

Over 180 Qualified Business Matching

Total Estimate Turnover **720,500,000 THB**

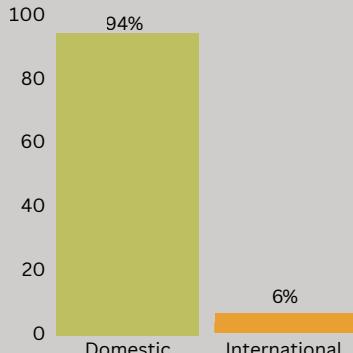

TOP KEY BUYERS

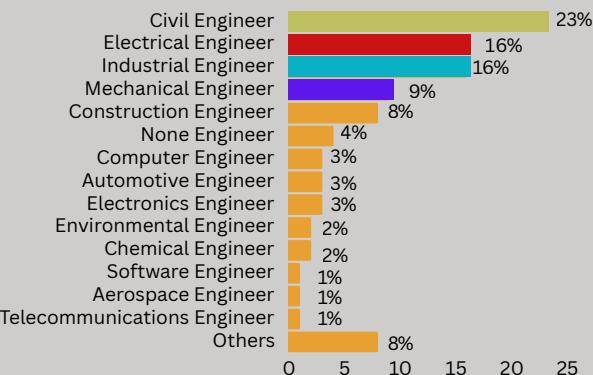

- Airports of Thailand Public Company Limited (AOT)
- EEC Engineering Network Co., Ltd.
- Future Park & Zpell
- Provincial Electricity Authority (PEA)
- Ritta Company Limited
- Toyota Motor Thailand Co., Ltd.

NEXT EDITION 2026?

SHOW EXPOSURE

A thorough visitor marketing campaign utilizing a wide range of media channels—direct mail, public relations, the official website, telemarketing, mass media, print media, advertorials, and social media.

ONLINE MEDIA

We supported our exhibitors and participants in expanding their reach by leveraging our social media platforms.

PUBLIC RELATIONS

Group Interviews, News Releases, Online article news on several domestic online platforms.

BILLBOARD

Advertisements for the “International Engineering Expo 2025 (IENXPO)” were displayed across supporting **Industrial Estates, Digital screens, Billboards, BTS pillar signages, Shuttle buses provided by BMA, Bangkok Palace Hotel, and Roll-up installations at MRT stations.**
